To Whom It May Concern

National Development Volunteers Service (NDVS) is a government entity established under the auspicious of National Planning Commission (NPC) in 1999. NDVS recruits and mobilizes development volunteers and also promotes the spirit of volunteerism in Nepal. In general, NDVS aims to meet the targets of national development through volunteerism.

Ms. Elina Ghising had worked at NDVS from **June 21, 2016 to April 26, 2018** as **Vet. J.T.A.** in **Ramechhap** District. During her tenure with us, we found her as a sincere, punctual and committed staff who had worked hard to achieve the aim of this office.

Her Assignment was to work in the Livestock Service Centre and to facilitate the animal husbandry for treatment and care. Moreover, she handled other duties allocated by the District Livestock Office related to her experience.

She is honest, discipline and cooperative to her colleagues and supervisors.

We wish her all the best for her successful career.

Dhruva Khanal

Planning Officer
