EXPERIENCE

vaccination

veterinairy assistant - Pokhara, Nepal

As a veterinary assistant I sometime works in a Veterinary hospital and livestock service center located in pokhara,kaski also a one of the main head office in all kaski district.In the time period of every 6 months ,we as a veterinary assistant used to go for a free vaccination campaign in different places for different vaccine likes FMD,PPR. simultaneously once in a year for Anti-Rabies vaccines. According to my education qualifiaction,Iam 2023 passed out but I was engaged in these works just after some months from my last year exam.As a vaccinator I learned about the diseases in the field,i learned how to handle the animals,how to communicate with farmers,how to medicate the patients(animals)and many more..
